

# TEEN NUMBER RECOGNITION & COUNTING

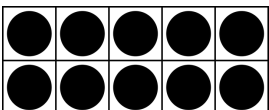

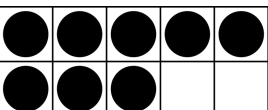

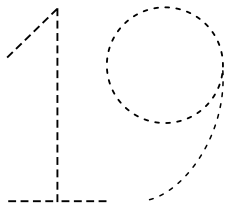

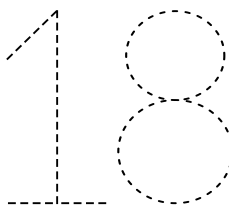

Directions: Count the circles in the tens frames. Then trace and circle the number that matches the amount you counted.

	
	

	
	

	
	

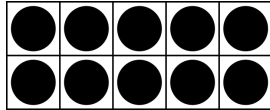

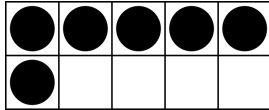

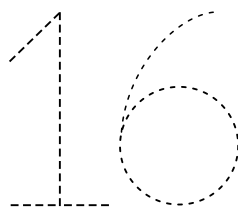

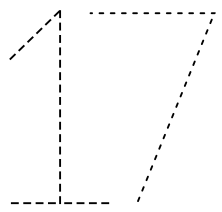

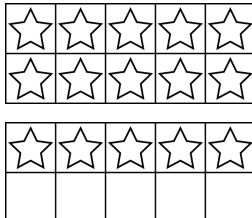

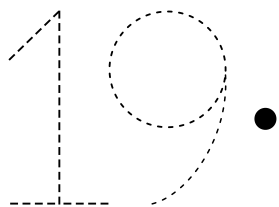

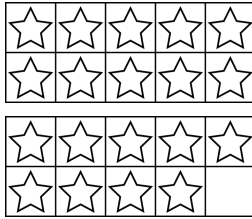

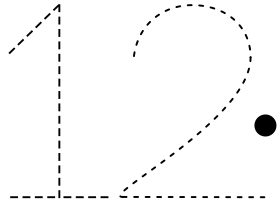

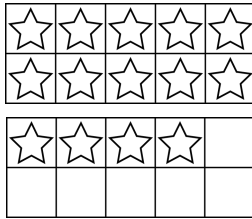

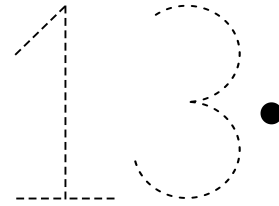

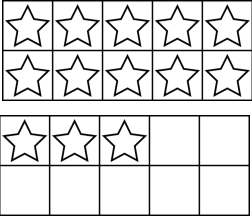

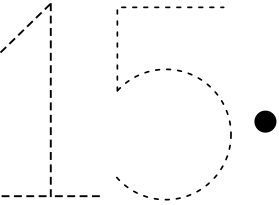

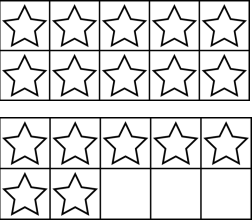

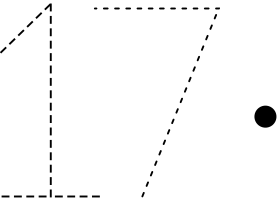

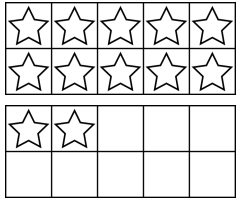

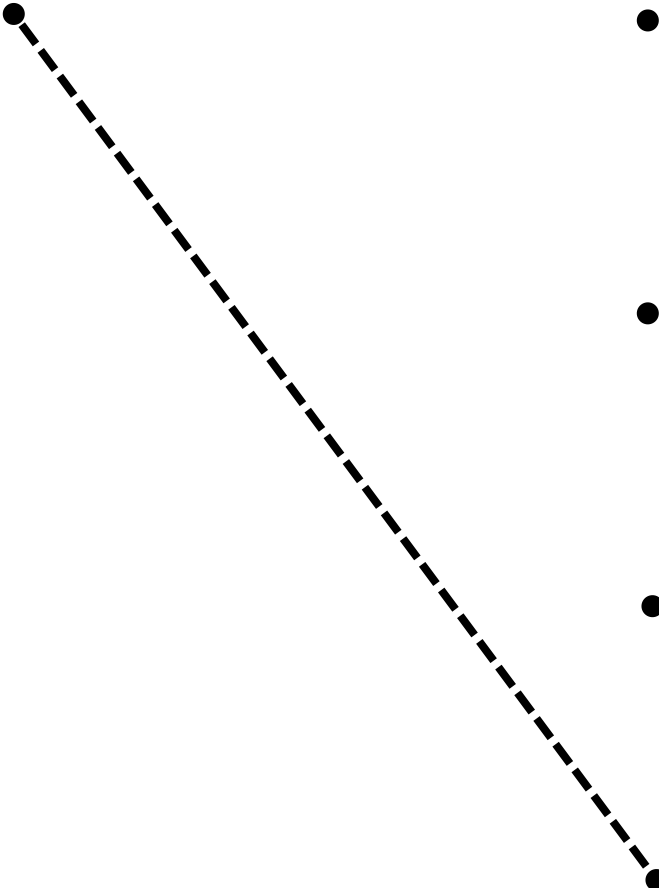

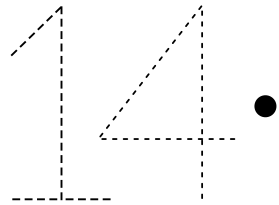

# NUMBER RECOGNITION & COUNTING

Directions: Color and count the stars. Draw a line to the number it matches. Then, trace the number while saying the number's name aloud.

# COMPARING QUANTITIES

Directions: Look at each pair of numbers. On the left side with the  empty basket, circle and trace the number that is less. On the right side with the  full basket, circle and trace the number that is more.
